Katie's diary

Saturday 24 August

We left home early in the morning, but our flight was delayed and we didn't arrive at Dublin Airport until late in the afternoon.

We were really tired, but we took a bus to our hotel because taxis in Dublin are very expensive. When we got to the hotel, we had a rest and then went out to explore the city. We had a quick sandwich in a small café and then decided to go to Grafton Street. I bought a scarf and some T-shirts. I wanted to buy a sweater too, but I couldn't find one that I liked. In the evening, we ate in a Chinese restaurant and went to a typical Irish pub. We met some really nice Irish people and had so much fun that we didn't get back to the hotel until very late!

Sunday 25 August

We got up late and had breakfast in the hotel. I had cereal and some fruit. Anna just had toast. After breakfast, we went for a walk around the city. We saw Trinity College and the Guinness Storehouse. In the afternoon, we had a pizza and then took a bus to the train station. Travelling by bus in Dublin is a great way to see the sights. We caught an evening train to Cork and arrived at about nine o'clock. We walked to our hotel and went to bed because we wanted to get up early the next day and explore the city.

B. Read about the climate in Madagascar on a travel website. Then choose true or false.

Madagascar – When to go

Madagascar has two seasons, a warm, wet season from November to April, and a cooler dry season between May and October. However, different parts of the country have very different weather.

The east coast is hotter and wetter, with up to 4000mm of rainfall per year. In the rainy season, there are strong winds, and these can cause a lot of damage. Avoid visiting eastern Madagascar between January and March because the weather can make road travel very difficult. The dry season is cooler and more pleasant. The high, central part of the country is much drier and cooler. About 1,400 mm of rain falls in the rainy season, with some thunderstorms, but the summer is usually sunny and dry, but it can be cold, especially in the mornings, with freezing showers, and it may snow in mountain areas above 2,400m, and even stay there for several days.

The west coast is the driest part of the island. Here, the winter months are pleasant with little rain, cooler temperatures and blue skies. The summers can be extremely hot, especially in the southwest. This part of the country is semi-desert, and only gets around 300mm of rain per year.
